PROFIT BY THIS

Don't Waste Another Day

When you are worried by backache, by lameness and urinary disorders—Don't experiment with an untried medicine.

Follow Norway people's example. Use Doan's Pills. Here's Norway testimony. Verify it if you wish:

W. O. Needham, retired farmer, 230 Main St., says: "At different times when I have taken cold my kidneys were affected. I began using Doan's Pills when my kidneys needed a tonic and they always strengthened my kidneys and cleared my system of the excessive uric acid. I always felt better in a short time and I know Doan's are what gave me relief. (Statement given July 24, 1908.)

On September 3, 1920 Mr. Needham said: "I haven't changed my opinion of Doan's Pills. Doan's benefitted me greatly and I haven't lost an opportunity of recommending them since." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Frank Emery and C. E. Lapham of Albany were in this place, Sunday.

There are thousands of women who are literally slaves to their kitchen because the food upon which they lavish so much care and attention is likely to spoil if the fire is too hot, or not hot enough.

Coal and wood stoves require endless attention. They make every kitchen hot and difficult to keep clean. They mean the heavy hauling of coal or wood and ashes.

The New Perfection Oil Cookstove burns kerosene—clean and odorless. It is practically automatic in its operation, and delivers a wide

range of heat—bakes, broils, boils, roasts, and toasts.

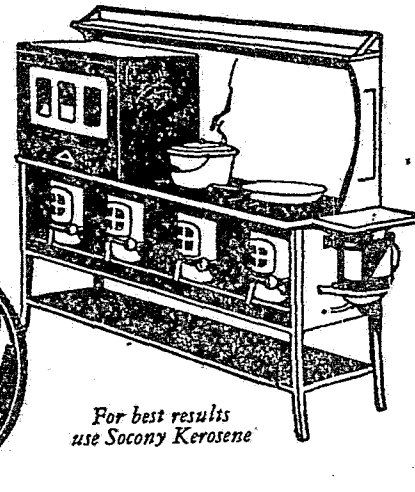

It eliminates coal, dirt and ashes. It adds immeasurably to personal comfort because it keeps the kitchen cool.

Ask your dealer to demonstrate the particular model which you like best, and which you will find displayed in his store. Remember that each New Perfection model, whether it be the famous Blue Chimney, or the fast-as-gas Superflex, represents the utmost in cooking satisfaction at its price.

REMARKABLE RECOVERY OF MRS. SPINK

Gives Lydia E. Pinkham's Vegetable Compound Full Credit

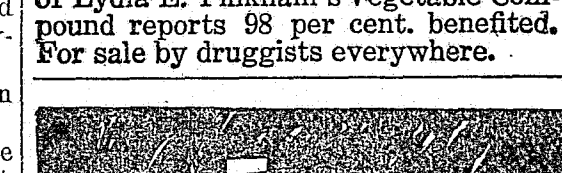

Minn. June, Wis.—"I was under treatment, but nothing seemed to help me, and I was run-down and so weak that I had to remain in bed much of the time. I was like an invalid. I had pains in my abdomen and in the female organs, and my stomach was bothered. My husband saw Lydia E. Pinkham's Vegetable Compound advertised, thought it must be good, and brought it home to me and advised me to try it. After taking one bottle I was able to eat, and after six bottles I was doing my own work, which I hadn't been able to do for years. I have a new baby who is doing nicely, and I am still taking the Vegetable Compound and feeling better than I have for four years. The medicine is surely wonderful and a good thing to have in the house."—Mrs. GEORGE SPINK, Minnesota Junction, Wisconsin.

A country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound reports 98 per cent. benefited. For sale by druggists everywhere.

CASCO

Mrs. Elizabeth White Small, wife of James Small of Casco, passed away Saturday, May 22 at the C. M. G. Hospital from the effects of gastric pneumonia developing after a successful operation.

She was the daughter of Edwin Small and Elizabeth Small and born in New Gloucester, Oct. 23, 1866.

The funeral services were held with prayers at the house and a sermon by Rev. Irving W. Kemp at the Baptist church, Webb's Mills. The music was furnished by a quartette consisting of Mrs. Bert Rowe, Miss Verna Rowe, Miss Lurie Glidden and Hamden Tripp accompanied by Mrs. Chester Winslow.

The floral tributes were beautiful, the finest set piece being from the employees of the Poland Spring House, where her sons had been engaged.

She leaves two brothers, Charles Small of New Gloucester and Perley Small of Florida, and one sister, Abbie Jordan of Lewiston.

The children left to mourn were ten in number, Mary, Walter, Charlie, George, Ernest, Lena, Lucy, Sara, Perley and Frederick.

The interment was in Webb's Mills cemetery.

Closing of School Year

The Casco Public Schools Graduation exercises were held at Casco Grange Hall, Friday evening, June 6, with sixteen graduates present. The decorations of green and white, the good music by Leach's orchestra and the crowded hall, all aided in making it one grand success. One of the graduates, Ernest York, had not been absent nor tardy for five years' school work.

The one ranking highest in examinations and standing was Harvey Tripp of Johnson Hill and the second in rank were Winifred Chute and Olive Edwards. The recitations and characters in the play were well rendered and represented and some of the recitations were far above the capacity of their years.

Children's Day is to be observed June 14.

There is an old saying that when a hen crows it is going to rain. Did you ever hear a hen crow?

Cuts Better Lasts Longer

You will appreciate the John Deere Mower the moment you see it in action. You will notice particularly its simplicity, its great cutting power and the ease with which it is handled. These advantages, combined with the extra years of service it gives, make the John Deere a mighty machine of service and money investment.

JOHN DEERE MOWER

The Mower with the Balanced Gears

The driving gears on the John Deere are balanced—one set offsets the thrust of the other set. This eliminates side wear and strain. This mower transmits maximum power to the high grade carefully-fitted knife—that's why the John Deere does a better job of cutting and pulls lighter.

Another feature—if after years of use, lag develops in the cutter bar, this can be taken out—the bar is aligned by a simple eccentric adjustment. The John Deere handles easily. The bar can be raised high with the foot lever to pass over ordinary obstructions. With the hand lever an extremely high lift can be secured quickly and easily. It's no job to keep the John Deere in good running order. All parts are easily replaced; adjustments easily made—its simplicity is a real feature.

Be sure to see this mower before you buy. It's the best mower we have ever seen.

TORREY IN TO WIN

ERLAND C. TORREY

Dixfield, Me., June 7, 1924.
To the Republican voters of Oxford
County:

On Monday, June 16, 1924, will be
held primary election to determine party
candidates for public office. The success
of the Republican party depends upon
the wise selection of its candidates, and
every Republican throughout the county
assuming responsibility and casting his or
her vote.

I am candidate for county Sheriff in
the Republican primaries. I have always
been a Republican. I am a native of
Dixfield, received my education in its
public schools and Bliss Business College,
Leviston.

I have followed occupation of farmer,
woodsman, bookkeeper (Paris Mfg. Co.,
six years), soldiered nearly five years,
part of time foreign service in Cuba,
and as commissioned officer during world
war. Since the close of the great war I
have served as state fish and game warden
and the past three years as chief warden.

I am a member of the American Leg-
ion, serving a term as commander of
Lyman K. Swasey Post, Dixfield, and am
a member of the Masonic and Grange
orders.

My record has been a strict, impartial
enforcement of law and regulations, and
it will continue to be in whatever office I
may hold. If elected to office of sheriff,
the same rule of alertness and squareness
must apply to my deputies.

Some people say a Republican sheriff
cannot be elected in Oxford County. Are
all men of principle and ability extinct in
the Republican party?

Does the opposition control a monopoly
of all good qualities desired in a candi-
date?

Isn't it about time for the northern
and eastern portion to furnish a sheriff?
Can I land your vote?

Respectfully,
Erland C. Torrey.

GREENWOOD

Golden Wedding

Fifty years of married life together.
Seven children grown to manhood and
womanhood. Seventeen grandchildren
and four great-grandchildren with no
break in the family circle is the proud
record held by Mr. and Mrs. Edgar Mor-
gan of Greenwood, who have spent their
entire married life in that town. Mr.
Morgan being a native and Mrs. Morgan,
whose maiden name was Delilah Em-
mons, coming to Greenwood at an early
age.

In honor of this fiftieth anniversary
their children gave them, at their home,
on the afternoon and evening of May 24,
a reception, sending three hundred or
more invitations to friends
and relatives. All the children
grandchildren and all but one great-
grandchild were present. A group pic-
ture of Mr. and Mrs. Morgan and their
children were taken also other group
pictures. The afternoon brought many
neighbors and relatives, among them
being Winfield Cordwell of Norway, who
was once a school teacher of Mr. Morgan's
also Mr. and Mrs. Walter Emmons of
Madison. Evening brought a gathering
which taxed the nearby hall to its cap-
acity, a four piece orchestra furnishing
music for dancing. Refreshments were
served both afternoon and evening.

Many and beautiful were the gifts re-
ceived including \$89.50; \$67.50 being
in gold. An Aladdin lamp given by the
neighbors was much appreciated, also
the cake made by Mrs. Walter Emmons
of Norway, beautifully decorated in gold.

A couch hammock was the gift of the
seven Dunham grandchildren who are:
Clara Dunham and wife, Elsie Dunham
Cole and husband, Carrie Dunham Cole
and husband, Gladys Dunham Jordan and
husband, Theodore, Edgar and Vera Dun-
ham.

A beautiful poem written by Mrs. Nellie
Stone of Watford was sent them.
Among the near relatives present were,
Mrs. Viola Herriek, a sister and last
near relative of Mr. Morgan, Eben Em-
mons, only brother of Mrs. Morgan, who
with his daughter, his son and son's
wife came from Wayne by auto for the
occasion. A sister, Mrs. Adeline Noyes,
of Bryant Pond with her daughter, Mrs.
Grace Emery were present. Another
sister, Mrs. Abbie Hayes, lives in Florida.

The seven children of Mr. and Mrs.
Morgan are: Mabel, wife of Elton Dun-
ham, living in Greenwood; Floyd, mar-
ried of Annie Kimball, living at South Paris;
Frank, married Mrs. Ida Kimball, living
in Watford; Cora, wife of Jason Ben-
nett of Locke Mills, Henry, married An-
nie Crooker, home at Bryant Pond; Roy,
unmarried, living at home; William,
married Tena Cole, living at Bryant
Pond. To these much credit is due for
the successful affair, for so carefully
were the plans made and carried out that
Mr. and Mrs. Morgan were spared any
over exertion and were able to thoroughly
enjoy the occasion at the ages of 71 and
67 respectively.

On the twentieth day of May
Comes our golden wedding day,
Many years of joy and gladness have we seen,
And with friends and children dear
As tonight we gather here,
Fifty years then seem a long and happy dream.

Fifty years have passed away
Since that well remembered day,
When we started on life's journey hand in hand
And in all our fifty years
We have found more smiles than tears,
And to-night we stand a dear, unbroken band.

Children dear then came to bless
And grandchildren with the rest,
That has made our fifty years seem ever bright,
And with joy we feel to say,
On our golden wedding day,
That our Heavenly Father doeth all things right.

Wesley Ring has a Ford touring car.
Mr. and Mrs. Alpheus Brooks were
visited last week by their son and grand-
son, Henry and Ellsworth Brooks of
Peru.

The Get-together Club met Thursday
afternoon with Mrs. Rowena Dunham.
There was a good attendance. Sewing
and mending being the work done after
which delicious refreshments were ser-
ved.

Mrs. Margaret Bryant, Winifred Bry-
ant and Mrs. Norma Tirrell attended the
play at Bryant Pond, Thursday, given
by West Paris talent and pronounced it
a fine entertainment.

Linwood Ring, Theodore Dunham, Miss
Ella Hanscome and Lamont Brooks at-
tended Grange at Bryant Pond, Satur-
day evening.

Mr. and Mrs. Frank Bulmer with their
children, Percy and Alice, motored from
Portland, Sunday, and in company with
Mrs. Bulmer's sister, Mrs. Newton Bry-
ant, and family, with Durwood Lang of
West Paris enjoyed a motor trip of
nearly one hundred miles which included
a visit to relatives in Summer.

Mr. and Mrs. Colby Ring and children,
Hope, Norma and Albert went to Gorham,
N. H., Saturday, and on Sunday with
Mr. and Mrs. Frank Ring enjoyed a
mountain trip through Gorham, Rum-
dolph, Jefferson Meadows, Twin Moun-
tain, Bethlehem, Litchfield, Lisbon, Swift-
water, Lost River and North Woodstock.
Dinner was eaten at Indian Head in
Lincoln where the three bears, one a four
months old cub, received much attention.

The Old Man of the Mountain was visit-
ed and a most pleasant day spent. The
mountains are yet well covered with snow
and the foliage seems more backward
than in Maine.

SWEDEN

Cold nights and mornings make the
crops that have gotten up look dis-
couraged and as though they wish they

Death is inevitable. Everyone of us
must die. There is no use of being agi-
tated about it. But we hope that we
shall die in the fall and not in the spring.
Spring is so gorgeous. The spring songs
of the birds are sweet. The tulips are
magnificent. The oaks are superb. No,
we don't want to die in the spring.

Dry Goods and Apparel for Women,
Misses and Children

Merchant's is a good store for you to buy your
Dry Goods, Apparel, Etc., Because—
Even a child can buy safely, we have only one
price—a fair price to all—

Our courteous service is the same to every man,
woman and child—

The same attention is given to a ten-cent purchase as to a ten dollar purchase—our quick willingness to make good on every purchase and our guarantee of satisfaction insures you against loss and trouble. The same is applied to mail or phone orders, you can mail or telephone your wants with complete confidence and the knowledge that if anything is wrong it will be made right.

Coats and Suits

All marked down, meaning a saving to you of 1-4 to 1-3 of the regular first of season fair prices, on some of them a greater reduction is made than above mentioned. This means much to women who are careful in their expenditures, seeking quality, style and distinctiveness, as well as lower prices.

Piece Goods Department

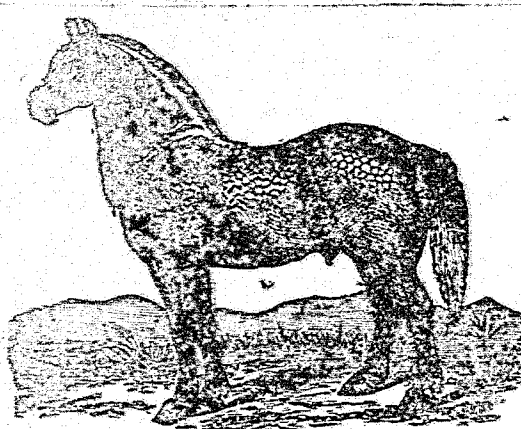

There's a reason why we sell so many goods by-the-yard nowadays, as the cutting and making of any kind of a gown is as simple as your "A B C's" when using a Standard pattern with the Belrobe system, the materials required are reasonably priced, both of which spell saving in time and money.

Do You Require New Curtain Material, Cretonnes, Drapery or Upholstery Fabrics?

Several new pieces of Upholstery Goods just received and the prices are pleasingly low, being quite a little under present value.

South Paris High School Notes
Activities for the week include the Junior-Senior Reception Friday and a trip to Gorham, N. H., on Saturday by the baseball team.

Reverend Fred Bannister led the devotional exercises of the school on Thursday morning.

Archdeacon Robinson of Trinity Church in Lewiston gave a fine address to the school recently.

The school wishes to thank Albert D. Park for the gift of two pieces of statuary, one of Homer and the other of the famous lawyer, Charles Sumner.

R. C. Masterman's Algebra Class has recently completed an interesting project.

A careful survey of the Algebra text was made and about twenty-five inconsistencies were found to exist between problems and their answers.

The solutions and correction were sent to the author of the text. This project was carried on by the whole class under the supervision of R. C. Masterman and a committee consisting of Doris Marston, Vera McGee, and Sherman Colby.

The following knowledge was received from the author of the text, Mr. Walter H. Hart of Madison, Wisconsin: "To the fresh-man class of the South Paris, Maine High School: I thank you for your letter containing corrections to my text 'Year Algebra'.

I certainly congratulate you upon having a class who would think of having his class do what you have done; also I want to congratulate your teacher upon having a class who will do it. It pleases me greatly to learn that you have covered as much of the book as you have. Not that it is hard or difficult, but because there are some teachers and pupils who think that it is too much for the ninth grade.

"I shall go over all the solutions at once and have the proper corrections made in the text as soon as this is possible. I wish I could show my appreciation in some way. I am sending to you a package containing a useful tool needed when you study plane geometry next year. Not knowing how many of you there are, I am sending twenty-five. If that is not enough, please write me at once, so that I may send enough so that all of your class may each receive one. Yours very truly, Walter H. Hart."

Enrollment of the Senior Class
Homer Aldrich, Arthur Brooks, Catherine Chapman, Miriam Chapman, Freda Colby, Richard Crockett, Mrs. Cummings, William Miller, William Miller, Gertrude Nevers, Lester Cushman, Doris Davis, Marion Davis, Dorothy Demmon, Donald Greene, Gerald Hammond, Harland Hammond.

Given Birthday Party
John M. Murch was 79 years of age Saturday and in honor of the day, William K. Kimball Post, C. A. R. The Ladies' circle of the G. A. R. gathered at Grand Army hall in the evening where refreshments were served and a social time enjoyed. Mr. Murch also received calls and birthday gifts. There are now but 16 members of Wm. K. Kimball Post and these remaining few enjoy getting together.

Mr. Murch was born near South Paris June 7, 1845, the son of Joseph and Hannah (Fausse) Murch, and one of seven children, five boys and two girls.

Mr. Murch and three of his brothers were in the United States service at the same time. Elbridge P., a member of the Tenth Maine Regiment died in Virginia during the war. James and Ira P. were members of the Ninth Maine Regiment. The other brother was Joseph A.

Mr. Murch was employed in the shops until about 17 years of age when he went to Massachusetts where he had a position for a year. He then returned home and enlisted in Co. D, unattached infantry, and served as Coast Guard until the close of the war receiving his discharge in September 1865.

In 1867 he married Lupa J. Field, daughter of S. B. and Almira Field of Sumner. Of the six children born to them four are living, Ernest C. of Norway, Percy of South Paris, Grace, wife of A. F. Stevens, also of South Paris and one son, Arthur H., an invalid who lives at home. One son Elbridge H. died in the West and one daughter, Edith, wife of the late Walter Maxim, died several years ago.

Mrs. Murch died three years ago the 30th of April.

After marriage Mr. Murch learned the carpenter's trade at Lewiston where he worked for 45 years as carpenter, contractor and builder, also as an architect. He lived at Augusta 20 years, and ran an extensive building operation throughout the state for 45 years, specializing on heavy work such as cotton mills, churches, etc. Owing to ill health he retired from active work several years ago. He is an attendant of the Universalist church.

Plans are well under way for the Big Carnival, July Fourth. Pettengill's five piece Orchestra of Lewiston has been engaged which assures good music for dancing. Several vaudeville acts under the supervision of Mrs. Mac Stevens and Mrs. Harriette Barnes are being arranged.

L. F. Schoff has moved his family to the rent over the law office of Alton C. Wheeler. Dr. W. B. Raymond of West Paris, who bought the Schoff house will move here soon.

The grade schools close this week but the high school continues well into next week. Graduation is on Thursday, June 19, and the annual banquet at Grange hall on Friday evening, June 20.

Mrs. Guy F. Stevens and two children have been guests of Mr. and Mrs. Elmer H. Haggitt.

Levi G. Durepo, who has been the efficient resident manager of the Strand Theatre at South Paris during the past year, was recently elected principal of Kimball High School in Rumford, and the position which he has vacated will be occupied by Charles A. Woodcock.

In honor of Ralph B. Penfold's 38th birthday, Saturday, he received birthday cards, flowers and fruit, etc.

South Paris Congregational Church

Preaching service Sunday, June 15, at 10:45 a. m., subject of sermon, "An Old Time Saint."

Sunday school at 12 M. No evening exercises in the Association Hall.

Mr. and Mrs. Harry Conant invited the double quartet and friends to their farm at Woodstock, Sunday, the party including Mr. and Mrs. Ralph Perkins, Mr. and Mrs. Roy Conant, Mr. and Mrs. Leroy Titus and children, Gertrude, Alva, Elwood and Leroy, Jr., Mr. and Mrs. Carlton S. Fuller, Wilson Conant, Miss Nellie M. Jackson, and Mr. and Mrs. T. E. Barnes. A picnic dinner was served.

A picnic supper in honor of Mr. and Mrs. Benn's 19th wedding anniversary. Mr. and Mrs. Rena Tribou, who attended the graduation of her cousin, Miss Laura Tribou, at Machias Normal School, returned home, Sunday.

Levi G. Durepo has been elected principal of Kimball High School at Rumford Point. Mrs. Durepo will have charge of the music department. Mr. Durepo has acted as resident manager of the Strand Theatre for several months and has resigned.

Rev. Andrew P. McWhorter, pastor of the Congregational Church at Sanford, has been visiting friends here the past few days. He preached the baccalaureate sermon at Hebron Academy on Sunday.

Charles Woodcock of Madison is the new resident manager of the Strand Theatre. He is thoroughly acquainted with the picture business and an expert electrician and projectionist.

J. L. Wilson, Jr., went to Carlisle, Pa., this week to spend six weeks in the Reserve Officers' Training Corps at that place.

Fred Pitts will move into Arthur E. George's house on Wheeler Street. Mr. George will live for the present with his daughter and husband, Rev. and Mrs. T. M. Griffiths at Natick, Mass.

Echo Temple, Pythian Sisters of Bridgeport were guests of Hamlin Temple Theatre evening. A fine supper was served at 6:30 o'clock.

Burton K. Clifford is home from Cleveland, Ohio, and visiting his father, Wallace K. Clifford.

The Fellows and Rebekahs will attend the morning service at the Baptist Church next Sunday. Memorial services at the cemetery will follow.

Rev. John L. Wilson attended the Baptist State Convention at Sanford this week.

Guests at Charles R. Dunham's for the week end were Mr. and Mrs. W. H. Small, Mrs. A. C. Bolster, Mrs. H. D. Bryant, Paul Brooks and Clyde Brooks.

Henry Morton, who is employed in Alagash region writes home about weather conditions. Snow fell to some depth on May 27-28 and the party crossed a bog on ice. On May 30 snow was one foot deep in the wood. Talk about fishing, why they are in clover—trout one to five pounds and toge up to ten or twelve pounds.

Mrs. Mabel Bowker Roberts
Mrs. Mabel Bowker Roberts, wife of Elmer E. Roberts, passed away, Wednesday, June 4, at her home on Field's Hill. She was an earnest worker in her home and church, where she will be greatly missed. Much sympathy is felt for Mr. Roberts in his loneliness as he is left with no nearer relatives than cousins.

The popular thing is not always the right thing.

SLUGGISH LIVER
DURING SPRING
CAUSES POISON!

This is the time of year when your liver becomes sluggish and your system becomes clogged up with poisonous waste. Your liver does not properly purify blood that flows to your skin. The result is sallow complexion, dark circles and pimples, coated tongue and bad taste morning. As these poisons continue to flood your system, your resistance is lowered, you feel dull and tired and sick.

Make this test! Cleanse and tone your liver with Dr. Thacher's Liver and Blood Syrup. Contains pure ingredients prescribed by Physicians. Helps nature strengthen your stomach, soothe tired and overtaxed nerves, brace up system, and purify your blood. Notice quick difference in way you look, eat, sleep and feel. You, too, will be satisfied, as others have, or no cost.

Dr. Thacher's is sold and recommended by "The Old Noyes Shop," Norway.

Special Shingle Sale

Our assortment is broken and to make room for our next carload, we will sell a limited amount of extra Cedar Shingles for 30c per M less than our present price. We also have a nice lot of 2nd clears and Clear Whites at low prices. And a small amount of high grade roofing paint at less than cost, to close out.

NORWAY AND VICINITY

About twenty members of the Twin Town Nature Club enjoyed Saturday at Camp Oxford, Whitney Pond. They had a bird walk, flower hunt and other instructive recreation. Mr. and Mrs. Fred H. Cummings have invited the club members to the Cummings cottage at Goat Island, Lake Umbagog, Friday night and Saturday, June 13-14. There are sleeping accommodations for twenty at the Cummings Cottage and the camp of Mr. and Mrs. Clarence G. Morton on the opposite shore will also be open. A fine outing is anticipated.

A delegation from Norway attended the opening of the Pavilion at West Lovell, Saturday evening, when Howard Shaw's Synopses played to the largest crowd for the opening night in its history. Shaw has a big carnival dance in the making for July Fourth at the pavilion.

The Gorman brothers from the S. S. Tacoma, now in Boston, were in town Tuesday. The pair claim residence at Inverness, Scotland, and had the typical dialect but not the Highland kilts. They were on a short leave while trying to sell fur garments for women.

Senior Chapel at the Congregational Church Monday morning was conducted by Rev. O. B. Tracy. Hon. B. G. McInnis delivered an address; Hazel Kimball spoke on the Power of Purpose; Nellie Glines, on Education; Dale Allen, on Common Sense in Athletics, and Flora Stevens gave the address to the seniors. Henry C. Olinian entertained the Junior class of Norway High School at Fred Cummings' cottage on Goat Island, Friday. The party enjoyed swimming, canoeing and dancing. Cake, fancy cookies, sandwiches and punch were served. Sub-master Leroy Luce accompanied the party.

The Spring festival given Friday evening by pupils of the grades and under the direction of Mrs. Helen Barnes Shaw, supervisor of music, was an elaborate entertainment. Association Hall, where the exercises were given was crowded, and nearly every number received a volume of applause and encore. Many numbers were in costume, showing a large amount of labor necessary to make the colorful pictures worked out by the several groups. All parts were carefully taken with the exactness in perfect time. Many of the youngest pupils caused no small amusement while entering with childish enthusiasm into the various numbers.

Grade 3—Merle Briggs, Lawrence Record, Beatrice Hall, Wilfred Combella, Donald Littlefield, Russell Mack, Gordon Wing, Arnold Stone.

Grade 2—Norma Wilberger, James Fogg, Jordan Wolfe, Walter Perkins, Pauline Garnett.

SCIENCE AND EVOLUTION

By Fred M. Davis

(Written for the Advertiser)

"Did we spring from monkeys?" I was asked one day recently. Of course not. Man could not produce anything but a ninety per cent higher standard than he is himself. We read that man is a supreme being, monkey nothing, that is contrary to God and his teachings. "What did a monkey spring from?" If monkeys ever produced men they would be doing it now. If the human race is falling, monkeys are falling back. Cross up nothing, I will cross my fingers and tell the truth, the formation of the earth is not undergoing any change by any chemicals. Have you ever seen a fox that was half woodchuck? No, most all animals sidestep each other when coming about and never notice each other except to kill each other for food. I believe that you and I and each distinctive living thing never came here by chance.

It is true that different things thrive in different parts of the world according to the kind of chemicals contained therein. "I shall never class myself with an animal. Can I teach a monkey to read a book? No, of course not. Books tell us that the evolution of man being traced back to a single cell is only a theory on the origin of species.

If I should publish a book that we sprang from monkeys it would mean that we all were infidels and that a Christian life had no meaning.

Most countries have their own tribes of men and monkeys. Does a sacred cow look like our cow here in our country? Do our reptiles look like those in Asia or those in Africa that have horns. We read that the flood came, the fish then mingled together, both in fresh and salt water. Do they look alike today or are they alike? No, they are entirely different.

Let us stop and reason that a fish is born or hatched under water, therefore a microbe or chemical could not produce him. Frogs eggs, I believe, float and hatch on small bodies of fresh water and like the turtle, tortoise and most amphibians, are not hatched under water. Most of them are hatched in sand or somewhere on dry land.

When the wappings are removed from an Egyptian mummy that died thousands of years ago, do we find anything that resembles a monkey? No, we see that it was a human being simply in a petrified state, fixed and prepared to dispute with time. We find that it is a mortal casket that once contained a living soul.

Some one advanced an idea a while ago that there was no noise in sound and that sound was a wave of air that was noticed or affected only when it strikes the ear drum. If a lead ball is made to fall from top to bottom when sealed air tight in a glass vial we will notice that it can be heard distinctly and of course there is no possible chance for a wave, waver or disturbance of air to reach the ear drum.

The person who launches such an idea broadcast deserves all due credit and the world without new ideas coming in would be uninteresting. So as we study along the lines of science we find it is without limit. I believe that each one of us has the right to his or her ideas as the case may be. It is the mystery that ensnared it that makes the subject to me always interesting and like others I will study on and on and always try to be a student in the great school of science.

STORY OF BY-GONE DAYS

Twenty-Six Years Ago

Twenty-one salmon have been taken this season. The heaviest fish have been landed by Geo. R. Stephenson (8 1/4 pounds), M. W. Sampson (8 1/2 pounds), A. L. Cook (5 1/2 pounds), Will Gary (4 pounds), Mrs. Clarence M. Smith (8 1/4 pounds).

Second Lieutenant J. W. Nash is sick with pneumonia at Chatham Park. Electric Park, between Norway and South Paris, opened Saturday night with Hayes' Merry Entertainers on the boards. The park has flower beds, swings and seats. Two hundred people may be seated in the open air theatre. Frank B. Lee is manager.

Na ("Creper") Cross held a five mile handicap bicycle race around the Paris Mfg. Co. factory and return. "Creper" was on the "scratch." C. P. Laurence 1 minute, Odell Rich 2 minutes, Harry Holden 5 minutes. The time, Rich 17 minutes 8 seconds, Cross 16 minutes, Holden 19 minutes, Laurence 21 minutes.

Lightning burned out the Norway and Paris Street Railway dynamo at the Oxford Light Co. station. Cars were out of service nearly a week.

A caterpillar epidemic has struck practically all maple trees in the village. In one section the falling on the street car rails held up traffic until the greasy remains could be cleaned away.

Mrs. Bucknam President of Club
Mrs. Olin Dudley Bucknam, daughter of Ansel and Josephine Child Dudley of Bryant Pond, and wife of Dr. R. W. Bucknam of Hollywood, Calif., was unanimously elected president of the Opera Reading Club of Hollywood, a club of five hundred members. Part of her initiation address taken from a Los Angeles paper is as follows:

"I am sure that we are all very happy today, on this, the second annual luncheon of our club. In just two years we have grown from a tiny infant to a strong and vigorous youngster, taking our place among the leading organizations of Hollywood. I have been thinking today of the founder of this club, Mrs. Elmer G. Mansfield, and of the thought that prompted her to launch this organization. How fortunate we are that she did not allow that thought to slumber, but brought it forth and inspired and enthused the rest to make it a living force, an actuality.

"In those early days we all had hopes and inspirations for the future, but I doubt if there were any of us that really visualized how big and strong we would eventually become. We are all so fond of this club, it is dear to our hearts, we are so proud of its past achievements, of its present glory, and may we not all hope together for its future greatness. I want to take this occasion for the confidence that you have reposed in me, making me your president, and I hope that none of you will ever have cause to regret your choice. During my term of office I shall endeavor to have the best interests of the club always in mind and carry out the wishes of the majority of the members. Let us all be loyal to our whole organization, and try to make the coming year the best year. I may make mistakes, but if I do they will be of the head and not of the heart."

FORMER AROOSTOOK MAN COM-
PILING MAINE ANTHOLOGY

A "Pine Tree Anthology" is being compiled and edited by Carlton J. Corliss, formerly of Aroostook County, now residing at 7043 Merrill Avenue, Chicago, Illinois. This anthology when published will contain over two hundred carefully selected poems relating to Maine and Maine folks.

Sublime odes by Longfellow and Whittier, homespun humor by Day, patriotic ballads and descriptive lyrics by verse writers of lesser fame will comprise the collection.

Poems dealing with Maine in a general way, with her wonderful forests, her beautiful lakes and rivers and mountains, her picturesque seacoast, her climate, her distinguished men and women, her history, legend and folklore, her people and their customs and characteristics are especially sought by Mr. Corliss, who writes that he will be pleased to receive from readers of the Advertiser copies, suggestions or information relating to any suitable poems or verses of which they have no knowledge.

DURO Water Lead
Systems

There Must
Be a
Reason

Naturally, there must be some reason why Duro has grown to be the largest exclusive manufacturer of private water systems in the world.

The reason is that the founders of Duro had faith that the American people would welcome a water system which would give real city water service to suburban and farm homes.

The original idea of a carefully designed and honestly built product sold at a close price has always been strictly adhered to. As a result the organization has grown until there are now nearly 17,000 Duro dealers all over the country.

DURO Water
Systems

are made in many sizes and styles—for a bungalow, or country club; for shallow wells, deep wells, or cisterns. They are compact, powerful, and automatic. They are driven either by electric motor or gasoline engine.

There is no mystery about a Duro System—it is simple, practical and carefree. But there are many reasons why a Duro System will give you longer and better service.

Drop in and ask us to demonstrate Duro features to you—we will gladly quote prices also.

THE RELIGION OF SAFE DRIVING GOOD TOOLS SAVE THE ACHE IN THE BACK

Make safe driving your religion. Many
an autoist starts on a trip fully intend-
ing to exercise care but gets tangled up
in an accident of some sort before he
reaches home.

The good intention was not at fault;
lack of attention does the trick. Good
resolutions should be made not to be
broken. The good intention shows a
commendable frame of mind, but it still
remains a truth that the "hot" place is
paved with them, and the fellow with good
intentions, only, will always remain a
"paver" and not a "saver."

No automobilist should assume that
being considered familiar with the deadly
result of a collision with his car. Nor
should he put it up to the foot traveler to
know how much ground an auto covers
in one second at 10, 15 or 20 miles per
hour. Well adjusted brakes on a car are
imperative, but good judgment should be
before the emergency.

The one thing all drivers of autos
should assume, declares the A. L. A., is
that every person seen upon the streets
and highways is deaf, dumb and blind,
and govern the movements of their cars
accordingly. In addition to children
being considered deaf, dumb and blind
age.

Advantages of Loose Soil
The watering that has already been
given just after the seed was planted
will leave the soil in a hardened condition.
If the weather happens to be dry and no
time is at hand to give further waterings,
it may be that the soil will become drier
than is best for the germinating seed.

Any packed soil will dry much quicker
than that which has been stirred and cul-
tivated. The capillary attraction which
brings the soil moisture to the surface is
undisturbed and it will be lost by evapora-
tion into the air if something is not done
to prevent it. Cultivation is the best
method of accomplishing this.

The rows will be clearly indicated by
the marks made when the soil was stirred
over the newly planted seed and also by
the stakes which should have been set
just after planting. With a wheel hoe
in gardens of some size or with an ordi-
nary hoe in smaller patches, cultivate
the carefully between each row.

The hoe is hardly more than a light stirring
of the soil, sufficient only to loosen the first
half inch of the surface far enough from
the rows to keep from disturbing any
seeds that might be slightly out of line.

Look Over Your Implements
This is also a good time to take an in-
ventory of implements, to get them in
shape for the present season and to add
to the assortment that may be later
needed. The list should include a good
garden rake, a spade hoe, line, sprayer,
and spraying material. In larger gardens
the purchase of a wheel hoe is certainly
well worth while, for it combines such im-
plements as a hoe, cultivator and furrow
marker, and will do the work of these tools
much more easily and quickly than the
hand implements. To hoe a long row of
plants by hand is work, except to the
most enthusiastic optimist, to cultivate it
with a wheel hoe is pleasure.

The gardener's attention may well be
centered on the weeds during these warm
days. A weed killed now will be worth
more than hundreds killed later in the
season, for it is at this time that they are
more susceptible to attack and will yield
to methods that would fail when they are
more firmly established in the soil.

1. Consider yourself as the person
wishing to cross the street in front of
your car. Then act as you would have
that other driver act.

2. If you have reason to believe there
is the slightest risk in doing what you are
about to do, think quickly of the possible
result, and stop before it is too late.

3. This covers hundreds of risky situations.
If children are seen ahead of you
every bit of reserve you possess, slow
your car especially if other cars are pres-
ent, and watch the children's movements
to almost an exclusion of all else. You
must reason, anticipate and act for them.

4. If each driver will do these things to the
best of his ability, and give proper con-
sideration at all times to the erratic pe-
sonality of foot travelers, accidents will
lessen.

No hurry is so absolute as to be worth
